

CDS Associates WE WANT YOU!

Advantage Solutions and SAS Retail Services are **HIRING ASSOCIATES** nationwide to provide in-store, warehouse and distribution support to its retail clients, who are working to keep products available to shoppers during the COVID-19 pandemic.

Who We Are and What We Do

Advantage and SAS are dedicated to helping the nation's largest retailers enhance the customer experience and drive sales through unique merchandising solutions and state-of-the-art technology. Unlike other retail positions you may be familiar with — such as manning the cash registers — we are the team behind the scenes. We support retailers in their efforts to drive sales by ensuring the latest products are on their shelves, setting up merchandise and promotions, analyzing what products are moving, and remodeling their stores. Some of the industries we support include grocery stores, drug stores, home and hardware stores.

What We're Looking For and Offer

Advantage and SAS have immediate openings for individuals who are customer-service oriented, enjoy working on teams, are willing to learn and are dedicated to delivering the best possible service to keep retailers' shelves stocked with food and other necessities. The company offers on-the-job training, career advancement opportunities, flexible hours with full and part-time benefits including 401k company match.

Jobs With Immediate Openings: Retail Merchandising & In-Store Support Personnel

Preferred experience for these roles includes:

- Previous retail experience
- Attention to detail
- Effective communication with team members and clients
- Ability to push/pull up to 50 pounds
- Ability to travel or drive to store locations
